PREFACE.

The publisher, in presenting the ELEVENTH annual issue of WILLIAMS' CINCINNATI DIRECTORY to subscribers, gratefully returns his thanks to the friends who have so long continued to patronize his publication. Although the labor has been great, and the profit thus far derived to the publisher inconsiderable, compared to that yielded from any of the ordinary pursuits of life, the compiler looks with some degree of satisfaction and pride to the result of his past labors. At the commencement of the publication, he did not expect to accumulate riches, but anticipated only to derive therefrom a reasonable support, and if this hope has only been partially realized, he has yet the satisfaction to believe that he has contributed somewhat to the advancement and prosperity of the "Queen City," by the facilities it has afforded to those engaged in the various branches of mechanical, mercantile, and professional business.

From a volume containing about 21,000 names, the Cincinnati Directory, whilst under his charge, has grown to a work of 500 pages, containing nearly 58,000 names of citizens.

There is, probably, no literary enterprise which is surrounded with so many obstacles to its successful prosecution as that of a complete directory for a populous city. That errors have occurred in preceding volumes, and that names of citizens have sometimes been omitted, the publisher freely admits. From the nature of such works, the directory of no city is, or can be, perfect, but the compiler feels that he can justly claim that he has exercised all possible care and diligence to render the work reliable.

We find it impossible at this time to give our patrons such a Post Office List as would be satisfactory to either them or ourselves, owing to causes with which the public are unhappily cognizant. We will, however, as soon as practicable, prepare and issue one.

The public are the proper judges to decide on the merits of our work, and the practical tests to which it will be daily submitted by them, will determine its value, fix its character, and demonstrate how far we have succeeded. To their verdict we will cheerfully submit.

Cincinnati City Guide.

Street Directory.

This Street Directory is simply an alphabetical arrangement of the Streets, Alleys, etc., with a sufficient portion of the corner numbers attached to each to make it a means by which citizens may become familiar with the system of numbering, and it will be found by them, as well as strangers, to be a practical guide to the different parts of the city, as far as it has yet been numbered.

EXPLANATIONS.—On all streets commencing at and running directly from the river the *odd* numbers are on the West, and the *even* on the East side of the street, commencing at the River. On all streets crossing Main, the *odd* numbers are on the South, and the *even* on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing East and West to the name. A few instances occur, where two streets have the same name—generally one of them in the suburbs, not numbered. A * is affixed to the one at present of the least consequence, to designate it.

It was thought unnecessary to give the corner number on both sides, where streets crossed. The *odd* ones are used in all cases, except where they (without crossing) proceed from, or come to, the one upon which the numbers are designated.

Cincinnati City Guide.

Street Directory.

This Street Directory is simply an alphabetical arrangement of the Streets, Alleys, etc., with a sufficient portion of the corner numbers attached to each to make it a means by which citizens may become familiar with the system of numbering, and it will be found by them, as well as strangers, to be a practical guide to the different parts of the city, as far as it has yet been numbered.

EXPLANATIONS.—On all streets commencing at and running directly from the river the *odd* numbers are on the West, and the *even* on the East side of the street, commencing at the River. On all streets crossing Main, the *odd* numbers are on the South, and the *even* on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing East and West to the name. A few instances occur, where two streets have the same name—generally one of them in the suburbs, not numbered. A * is affixed to the one at present of the least consequence, to designate it.

It was thought unnecessary to give the corner number on both sides, where streets crossed. The *odd* ones are used in all cases, except where they (without crossing) proceed from, or come to, the one upon which the numbers are designated.

Rules and Regulations.

ART. 1. All the Companies of the Department shall be furnished with a copy of the Fire Ordinance and the Rules and Regulations, which shall be framed and placed in their respective houses. It shall be the duty of the officers and members of the Department to conform to all the requisitions, and perform all the duties herein required.

ART. 2. The Chief Engineer shall have command of the Fire Department, and at all of the fires, and direct the respective Assistant Engineers in any and all matters belonging to the same; he shall lay before the Board of Engineers, and the Board of Supervisors, respectively, all such business as may require their consideration; he shall direct the Assistant Engineers at fires, how to dispose of the respective Companies of their District.

ART. 3. The Assistant Engineers shall examine the condition of the different Companies in their District, and see that the Captain of each Company have the apparatus entrusted to their care kept in good working order, and that the Ordinances and Regulations of the Fire Department are strictly attended to. They shall, in the absence of the Chief Engineer, take the command at all fires in their respective Districts, and receive the report from the Captain of each Company, of any repairs that may be necessary, and report the same forthwith to the Chief Engineer. In the absence of the Ass. Eng. of a District, the Ass. Eng. of the District succeeding shall have the command of the Co's of that District.

ART. 4. The Captain of each Company shall take command at all fires in their Districts, in the absence of the Chief Engineer or his Assistants, and when there is more than one Company in a District, the Captains of said Companies shall cast lots, who shall have the command, in the absence of the Chief or Assistants. They shall see that the men composing the Companies under their command, comply with the Rules and Regulations of the Fire Department, and shall cause all the orders of the Chief or his Assistants to be strictly obeyed.

ART. 5. The Captain of a Company shall see that all the property in such Company is duly cared for; that the Pipemen, Drivers Firemen, Watchman and Engineer attend to their respective duties, and see that they stand their respective watches; he shall direct the members of a Company at fires, call the roll, and as often as directed, or as he may find necessary, to the Assistant Engineer of his District, or Secretary, respectively.

ART. 6. Alarms are not to be given at any Engine House, unless received from a responsible person or persons, or from another fire bell; the men on duty at the Engine House shall be held answerable for all false alarms given by them.

ART. 7. Racing to or from fires is not allowed under any circumstances, under the penalty of dismissal; and if the apparatus of several Companies proceed on the same street to or from a fire, they shall do so in single file.

ART. 8. Any Driver, of Steam Engine or Hand Apparatus, Hose Carriages or Hook and Ladder Companies, driving or running over hose, unless it can not be avoided, shall be subject to dismissal from the Department.

ART. 9. The Captain of any Steam or Hand Company shall be at the pipes when at fires, and see that the line of hose are well guarded.

ART. 10. When the Chief Engineer shall find the fire so far reduced that one or all the Companies may cease work; he shall dismiss them, or cause the same to be done.

ART. 11. No officer or member of the Department shall appear on duty, without such badge as may be prescribed by the Board of Engineers, under penalty of twenty-five cents, unless they can furnish a reasonable excuse.

ART. 12. Any officer or stationary member absent from a fire, shall be subject to a fine of *two dollars;* running members for a like neglect, *one dollar.*

ART. 13. That if a charge of intoxication be preferred and proven against any officer or member of the Fire Department, oftener than once, he shall be discharged; and further, it shall be the duty of every officer or member of the Department to report such member violating this rule to the Chief Engineer or Board of Supervisors.

ART. 14. Members of Fire Companies, or other persons, are not permitted to frequent, meet, or loiter around the Engine Houses, without special permission from their respective officers. Men on duty at the Engine Houses who may allow the same, shall be subject to dismissal.

ART. 15. The Hook and Ladder Companies will take position, when practicable, within the lines, and as near the fire, as under all circumstances may be found convenient.

ART. 16. All charges for misconduct against officers or members must be presented to the Board of Supervisors, in writing, and for such charges he or they shall be immediately notified of the same, and stand suspended; and no charge will be recognized unless reported to the Board within thirty days after the misconduct.

ART. 17. Any officer or member of the Fire Department who have charges preferred against them, can or may have a trial within five (5) days from the time the charges have been preferred, and no officer or member shall receive any pay from the Fire Department, during the time he or they stand charged with any misdemeanor or suspension.

ART. 18. Any Company, returning from a fire, finding they have hose which does not belong to them, shall immediately return the same to the Company to which it belongs.

ART. 19. The Captain of each Company shall in no instance allow any person, except the Captain, Pipeman, Engineers or Drivers, to ride on the apparatus, either in going to or from a fire.

REGULATIONS OF THE BOARD OF EXAMINERS OF COMMON SCHOOLS.

The Board consists of seven members, four of whom constitute a quorum at any regular and called meetings.

The regular meetings are held at the office of Public Schools, Mechanics' Institute Building, south-west corner of Sixth and Vine Streets, on the first Thursday of each month, except July and August, at 4½ o'clock P. M.* Extra meetings may be called by any three members of the Board, who, in signing the call for such meeting are understood as pledging themselves to attend it.

The Board grants four grades of Certificates, denominated respectively "Male Principal's Certificate," "Female Principal's Certificate," "Male Assistant's Certificate," "Female Assistant's Certificate."

Candidates for "Male Principal's Certificate" are examined in Natural Philosophy, Constitution of the United States, Ancient and Modern History, Anatomy and Phisiology, Chemistry, Astronomy, Geometry, Plane Trigonometry and Mensuration, and Penmanship.

Candidates for a "Male Assistant's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, and Penmanship.

Candidates for a "Female Principal's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Ancient and Modern History, Anatomy and Phisiology, Chemistry, Astronomy and Penmanship.

Candidates for a "Female Assistant's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Theory and Practice of Teaching and Penmanship.

The number opposite to each branch, in the column on the right of the list of studies on the Certificates issued, measures the result of the examination, three being the maximum. Less than two, in either English Grammar, Geography, Mental Arithmetic or Written Arithmetic, is a failure. Unless the Spelling is correct, it is marked 0.

The Board has discontinued the Primary Certificate.

A specimen of the handwriting, with a record of the character of the examination of each individual, is preserved in a volume for the use of the Board of Trustees and Visitors.

*Candidates are examined in Arithmetic at three o'clock, P. M.

Candidates must leave with the Clerk of the Board, at least three days before the monthly meeting, a certificate of good moral character, and a written statement of the grade of certificate sought, together with a declaration that they are eighteen years of age (or seventeen, if graduates from the High Schools, or with similar attainments), and that they design teaching in the Public Schools of Cincinnati, if found qualified. Candidates are requested to leave their address, and a statement of any experience they may have had in teaching.

Candidates shall be examined in the absence of all spectators. save the Trustees and Visitors of the Public Schools.

Candidates shall not be examined who are not present punctually at the appointed hour. None shall be admitted to a second examination for the same grade of Certificate, or have one already granted improved, till after the expiration of six months.

Communications to the Board to be left with the Clerk, at the Office of Public Schools, in the Mechanics' Institute Building Sixth street, a few doors west of Vine street, between the hours of 9 A. M. and 12 M., and between the hours of 1 P. M. and 4. P. M.

No Assistant's Certificate shall be issued without an aggregate average of two-thirds of the full number of marks, and no Principal's Certificate shall be issued without an aggregate average of two-thirds of the full number of marks of the additional branches.—[*Adopted June 2d*, 1859.]

Rules and Regulations

OF THE OHIO SCHOOL LIBRARY OF THE CITY OF CINCINNATI.

ARTICLE 1. The Reading-room shall be open from nine o'clock in the forenoon, to nine o'clock in the evening of all secular days throughout the year, except those days which by custom are regarded as holidays, and to these shall be added any special holidays which may, from time to time be recognized as such by the Board of Trustees and Visitors of Common Schools of Cincinnati.

ART. 2. All inhabitants of Cincinnati, above the age of sixteen years, of respectable character, and of such orderly conduct and condition as to not interfere with the occupations and comforts of others, shall have free access to the Reading-room during all its regular hours, first signing a promise that they will observe all the existing Rules and Regulations, and all that may be subsequently prescribed by due authority; provided always, that Minors shall bring certificates from their parents and guardians, in a form furnished by the Librarian, setting forth that they are persons who ought to enjoy the privileges of the Public Reading-room, and for whose conduct, while there, such parents or guardians become responsible.

ART. 3. All books belonging to the Library may, at the discretion of the Librarian, be used in the Reading-room—a discretion he is required by the Trustees to exercise, especially in the case of minors.

ART. 4. Every person entitled to use in the Reading-room the books of the Library, shall be furnished by the Librarian with a printed card on which such person shall designate the particular book asked for, by entering in blanks left for that purpose, the number of the shelf on which it stands, the number of the book on the shelf, and if it be part of a set, the number of the particular volume—all which numbers can be easily ascertained from the printed copies of the catalogue always on the table of the Reading-room; and this card, which must be presented to the Librarian whenever a book is asked for to be used in the Reading-room, will be retained by him so long as its owner retains the book; but no book, so received, shall, for any reason whatever, be removed from the Reading-room by the person receiving it.

ART. 5. Every person who may visit the Reading-room, shall return each of the pamphlets and periodicals, such person may have used, to its proper place, and any books to the Librarian.

ART. 6. Any person abusing the privileges of the Reading-room by unbecoming conduct there, or by the violation of any of its regulations, shall be at once reported by the Librarian to the Library Committee, and by them excluded from its benefits for a time, or permanently, according to the nature and degree of the delinquency or default; but in case of any gross offence, the Librarian shall act summarily in the matter, and cause the offender to be at once excluded from the room, reporting the case to the Library Committee as soon as possible, in writing, for their future action, if any be required.

ART. 7. An alphabetical list of all the persons enjoying the Reading-room, shall be kept by the Librarian, the residence of each person being noted in it.

WELLS'

CINCINNATI TYPE FOUNDRY.

WHERE WE MANUFACTURE NOT ONLY THE

TYPES,

BUT THE

Presses, Cases, Galleys, Stands,

CHASES, COMPOSING STICKS, RULES, CUTS, ETC.,

And as we make a manufacturer's profit on all, we can, and will sell a better outfit, for less Cash, than any establishment, which makes only half of what it sells; and ours is the only one in the Union, manufacturing all these articles.

CINCINNATI, OHIO.

LANE & BODLEY'S

CIRCULAR SAW MILL,

(PATENTED JULY 7, 1858, AND JULY 26, 1859.)

Combines many improvements of detail and convenience found in no other mill, among which may be enumerated the Simultaneous and Independent Head Blocks, and the new and unequalled "Friction Feed," which gives the sawyer the most perfect control over his mill. These improvements, together with the unusual strength of its parts, beauty of design, and excellence of workmanship, are its recommendations.

SHAFTING ACCURATELY TURNED AND POLISHED, PULLIES TURNED AND BALANCED,

$8 00 PER HUNDRED POUNDS.

With Sellers' Patent Self-adjusting Hanger, Bearings, mounted on Ball and Socket Joint, runs with much less than ordinary friction. $10,00 *per hundred pounds.*

J. J. BUTLER'S

EXCELSIOR FLUID INKS,

Mercantile for general purposes,
Record for Ledgers and Records.
Copying for Letter Press.
Carmine of brilliant hue.

Celebrated for——1st. Intense Black Color, (at first of a greenish blue.) 2d. Easy flow from the pen. 3d. Permanency, (will never fade by exposure.) 4th. Economy. (EXPLANATION:—These Inks can be satisfactorily used to the last drop, other domestic Inks in a brief time grow too thick for use, and are only fit to be thrown away before half consumed.) The Carmine may be exposed to the action of the air without injury.

FACTS CONFIRMING THE ABOVE QUALITIES.

1st. These Writing Fluids are now in general use throughout the United States with an increased demand. 2d. They have been analysed by Dr. Chilton, the celebrated Chemist of New York City, and pronounced "equal in quality and durability to the best imported English Fluids."

Manufactured by J. J. BUTLER, Agent,

No. 39 Vine Street, Cincinnati, Ohio.

MERRITT, THOMPSON & CO.,

PROPRIETORS OF

WESTERN BUILDERS' DEPOT.

BUILDERS' DEPOT.

Nos. 517 to 527 Central Avenue, Corner Laurel Street, Cincinnati, O.

OFFICE, No. 517 CENTRAL AVENUE.

Dealers in Lumber, and Manufacturers of Sash, Doors, Blinds, Frames, Mouldings, Flooring, Weatherboardings, &c., and every description of BUILDING MATERIAL.

Our Factory Building is three stories high, and 107 feet front on Central Avenue, by 100 feet deep on Laurel street, with extensive Lumber Yard adjoining, having a central location, and easily accessible by Street Railroads, and being one of the largest and most complete establishments of the kind in the West; and as we are devoting our exclusive attention to Manufacturing, (having discontinued building in the city.) We are confident, with our facilities, and our long experience in the business, that we can offer inducements to builders and others, in the way of Prices, Punctuality and Good Work, unsurpassed, if equalled, in the West.

☞Printed Circulars, containing descriptions and drawings of Work, Mouldings, &c., and giving full information about Prices and Terms, furnished, or mailed free, on application.

THE ALLIGATOR

SMOKE-CONSUMING COAL COOKING STOVE.

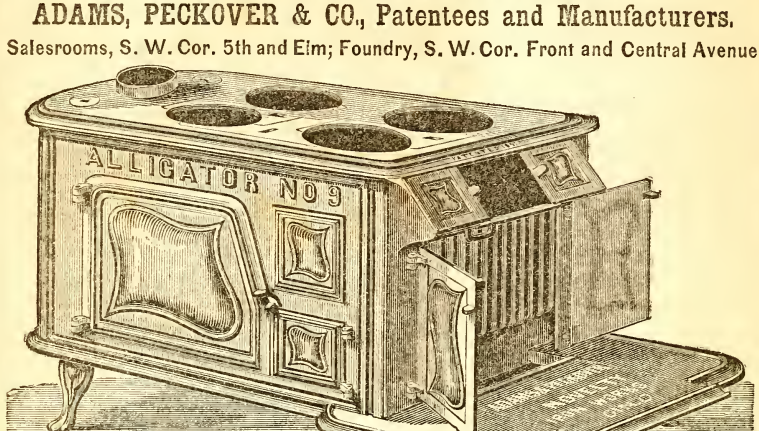
Highest Premium Awarded at the

UNITED STATES FAIR, 1860, OHIO MECHANICS' 1860,

NORTH EASTERN KENTUCKY, 1860.

ADAMS, PECKOVER & CO., Patentees and Manufacturers.

Salesrooms, S. W. Cor. 5th and Elm; Foundry, S. W. Cor. Front and Central Avenue



It is useless for us to say anything in regard to the merits of these Stoves, but would beg leave most respectfully, to offer the following Certificates and References of Families using the Alligator which will, at a glance, remove all doubts of its intrinsic merits:

For the last two years I have been using the "Alligator" Coal Cooking Stove. Its superior cooking qualities, combined with its cleanliness, must eventually secure to the owners, a large share of puplic patronage. JOHN McLEAN.

I have been using one of Messrs. Adams & Peckover's Alligator Cook Stoves nearly two years, which gives entire satisfaction in every respect, and can cheerfully recommend it to those who are in want of a superior Cook Stove. H. H. LEAVITT.

I have been using the Alligator Coal Cooking Stove, manufactured by Messrs. Adams & Peckover more than a year, which I consider a superior Stove, and gives the utmost satisfaction. It is the only stove I have found that cooks perfectly with Coal. HENRY VALLETTE.

I have been using one of Messrs. Adams & Peckover's "Alligator" Coal Cooking Stoves over two years, and can recommend them as being a superior stove, giving entire satisfaction in every respect. JOS. BUSHNELL, Coal Merchant.

I cheerfully endorse the above. JOHN KEBLER.

DODGE'S PATENT

IMPROVEMENT IN

GRATES AND STOVES.

IT PRODUCES DOUBLE THE HEAT WITH HALF THE FUEL.

It is simple, efficient, and practicable; saving fuel, radiating the heat into the room instead of allowing it to pass up the chimney; suppressing the cold draught of air through the room, to the fire, and is as good for WOOD as for COAL.

Over 50,000 Persons are now using this Patent, with entire satisfaction.
All who value Economy, Comfort, or Health, should adopt it at once.

We have procured a Patent in England, after its merits were thoroughly tested. When we consider that open fires are universally used there, (even the poorest having too much regard for health to use a close stove) and that hundreds of scientific men have been trying for the last fifty years, to make improvements, by which fuel might be saved, and heat increased, we conclude that no stronger arguments in favor of its merits, could be used, than that England had granted a Patent. We are prepared to sell COUNTY and STATE RIGHTS, on the most favorable terms.

READ THE FOLLOWING STARTLING FACTS,

Taken from the Southern Medical Journal, of July, 1860,

And you will be convinced of the importance of perfect ventilation, and nothing but an open fire will accomplish it, and no open fire except DODGE'S PATENT can heat a room in every part, and keep the temperature at the same degree.

HEALTH! is the greatest blessing man can have, and he that neglects to secure any convenience which will assist to preserve it, commits a great wrong against himself.

"WARMING HOUSES WITH CLOSED STOVES AND FURNACES.—Closed Stoves produce the least possible amount of ventilation by draught; indeed it is inappreciable; hence the air in a room so heated is stagnant, and constantly becomes more loaded and poisoned with the twenty-eight cubic inches of carbonic acid gas, and the equal amount (by weight,) of decaying putrescent particles of animal matter, either solid or fluid, which are exhaled from the lungs and skin of each adult person every minute, and mingle with the surrounding air, which must accumulate more and more, hour after hour, in proportion to numbers congregated in such room. The air of a perfectly close room in which half a dozen persons should pass twenty-four hours, would, at the end of that time, could the functions of life be properly carried on in such an atmosphere, be found to contain about eighteen pounds carbonic acid gas, and eighteen pounds of effete decaying fluid and solid animal matter. We may easily conceive what must be the immediate or more distant effect of breathing such an atmosphere. This evil pertains equally to the new method of heating rooms by steam unless there is a constant ventilation kept up by opening at the tops of windows, or elsewhere. Indeed, the steam heating apparatus as generally arranged, affords absolutely no ventilation. The air in such rooms is utterly *stagnant*, and is breathed and re-breathed with all its accumulation of fetid impurities from the lungs and skin of the inmates. Each person in such rooms is constantly taking into his mouth and down his throat old decaying putrid particles of animal matter which nature is constantly rejecting and casting out of the living organism of every person in the room, through the pores of the skin and lungs, to the amount of three pounds daily. Could we, as several writers have suggested, but *see* these foul excretions in which we live and breathe in such close unventilated rooms, a sense of decency would constrain us to open our windows, or otherwise permit the purifying breath of heaven to blow them away; for as Prof. Silliman in his new work on Philosophy, observes, it is really more *filthy*, as well as unwholesome, to breathe such foul air, than it would be to drink or use for culinary purposes the water in which we had washed ourselves."

BRANCH OFFICE, 171 Vine St., Cincinnati, O.

ÆTNA INSURANCE COMPANY

HARTFORD, CONNECTICUT.

Respectfully call attention to the superior inducements and security offered, and for which the patronage of the public is solicited. The significancy of the following facts will be admitted :—

A steady transaction of Business in Ohio 36 years; a term of service performed by no other Insurance Company in the State.

Payment of the Greatest Number and amount of Losses in Ohio; $574,222 60, in only Seven Years.
Payment of the Largest Loss at one Disaster in Ohio; $114,934 67.
Losses paid in Cincinnati, $187,813 87

The largest loss ever sustained by any Insurance Company at one fire in Ohio, was by the ÆTNA, at Chillicothe, April, 1852, and amounted to $114,934 67, mostly paid prior to thirty days after the fire.

Ownership of over $100,000 Ohio Securities.

$77,750 Ohio State Bonds, and upwards of $26,000 Real Estate, (improved and unincumbered) in Cincinnati—a fund exceeding the capital of the majority of Ohio Insurance Companies. This feature, of owning local Ohio Securities by an Insurance Company, chartered by another State, is an exclusive one with the ÆTNA in Ohio, with a single trifling exception.

A Cash Capital of $1,500,000, absolute and unimpaired, with a Surplus of over 500,000 Dollars.

A PERPETUAL CHARTER, with the prestige of 42 years' experience, during which period losses have been paid amounting in the aggregate to over $14,500,000.

A CASH BASIS OF TRANSACTION, free from the revulsions incidental to the credit system, or its abuses.

Statement, Condition, and Affairs put to the Test and Scrutiny of the Insurance Laws and Official Inspection of Twenty-four States.

Makes compliance with the Insurance Laws of New Hampshire, Maine, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, Ohio, Kentucky, Virginia, Maryland, Tennessee, Indiana, Illinois, Iowa, Michigan, Wisconsin, Missouri, Alabama, Minnesota and Georgia—putting its condition and affairs to the official inspection of more States than any similar institution. Defects in some State laws are thereby avoided by the stringency of others. Running the gauntlet of the whole for public security, is a good test of a A No. 1 soundness.

Agency established in Cincinnati in **1825**, ante-dating all present local Insurance Companies and Agencies in the Insurance business in this city. **36** years constant duty here, combined with wealth, experience, enterprise and liberality, especially commend the **ÆTNA** Insurance Company to the favorable patronage of this community—standing solitary and alone, the sole survivor and living pioneer of Cincinnati underwriters of **1825**.

Organized on a NATIONAL basis, with Agencies in the principal cities and towns. Cash transactions free from the objections of the credit system. Applications made to any duly authorized Agent promptly attended to. By strict attention to a legitimate Insurance business, this company is enabled to offer both indemnity for the past and security for the future.

STATE OF CONNECTICUT, } ss.
HARTFORD COUNTY, }

HARTFORD, July 2d, 1860.

Personally appeared before me, Henry Fowler, a Justice of the Peace, duly qualified to administer oaths, E. G. Ripley, President, and Thomas K. Brace, Secretary, and severally made solemn oath that the foregoing statement of the assets and condition of the Ætna Insurance Company, is true.

HENRY FOWLER, Justice of the Peace.

THE LEADING AMERICAN

FIRE INSURANCE COMPANY.

"By their Fruits ye shall know them."

INCORPORATED, 1819.

CHARTER PERPETUAL.

MORE THAN SIXTEEN THOUSAND CLAIMANTS

Have been benefited by the Ætna.

The value of Reliable Insurance will be apparent

—BY THE FOLLOWING—

The public will find in the important matter of Insurance, the first essential is, secure the best quality of it; and the Management of this Corporation design especially maintaining integrity for genuine and sterling qualities of the profession, in the future as the past, confidently looking for reward in a greater appreciation and preference from property owners.

LOOK TO QUALITY!

As the paramount consideration of Insurance—reverse the rule making the rate of Premium the chief essential—for too frequently the cheapest rate **is only an Index to the Poorest Insurance.**

Remember, our rates of Premium are graduated by the laws of compensation, after ample experience. The safer the risk the lower the per centage—the greater the hazards the higher the Premium.

The propriety of Insurance extends with equal force to the safer classes of property that it does to descriptions of a more hazardous nature. Therefore, protect your property by a good Policy from the ÆTNA.

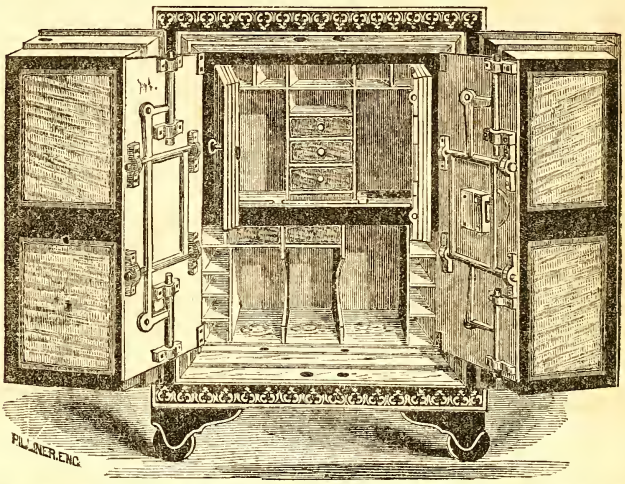
HALL'S PATENT

CONCRETE

FIRE AND BURGLAR-PROOF

SAFES, BANK LOCKS, &C.



HALL, CARROLL & CO.

Manufacturers of the celebrated "HALL'S PATENT FIRE AND BURGLAR PROOF SAFES," which have proved themselves, in more than 500 test trials, to be far superior to any others in use, in their powers to resist the ravages of the most destructive fires. They are also perfectly EXEMPT FROM DAMPNESS and CORROSION. As proof of our faith in the superior excellence of this Safe, we offer $2000 REWARD! to any person who will show *where one of these Safes* ever failed to preserve its contents in *accidental fires.*

We are, also, exclusive manufacturers of HALL'S renowned PREMIUM BANK LOCK. Its superiority consists in several new and important features. 1st.—It has a changable INDEX combination KEY, but no KEY HOLE. 2d.—This Index Key operates outside, upon a conical-shaped, hardened steel arbour or revolving shaft, which moves the interior in conformity with the adopted combination. 3d.—This steel-faced arbour admits of no drawing out so as to suffer its being broken off, and thus prevent the owner from unlocking it at pleasure. 4th.—The arbour or shaft is flush with the face of the door, its conical shape renders it impossible to be driven in, its projecting shoulder prevents the possibility of drawing out beyond the face of the door; hence the security against breakage from outsiders. It admits of no possible movement save revolving upon its axis. We challenge the world to pick it or damage it in any way so as to hinder it being unlocked or locked by the possessor of the key and combination.

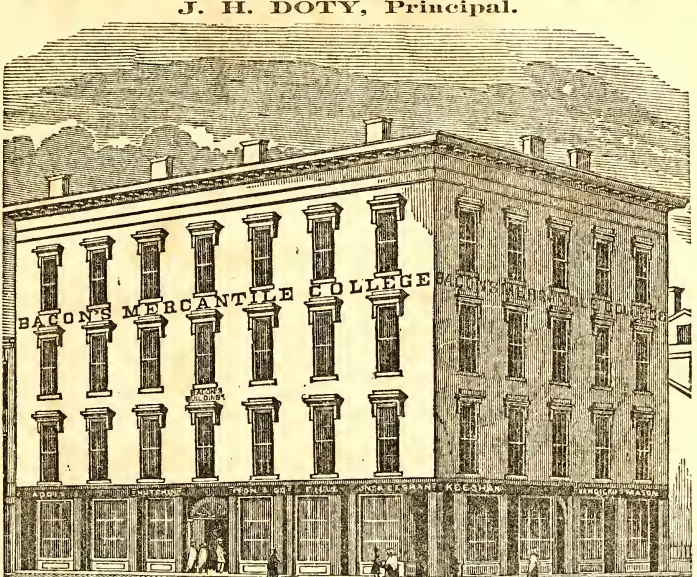
BACON'S MERCANTILE COLLEGE

J. H. DOTY, Principal.



North-west Corner of Sixth and Walnut Streets, Cincinnati, O.

THE above illustration represents the Institution known as BACON'S MERCANTILE COLLEGE, and is one of our largest and most elegant public buildings. It is centrally located, being on the North-west corner of Sixth and Walnut Streets, and presents a commanding appearance from any point from which it may be viewed. This building is remarkable from the fact that it is the only one ever erected in this or any other city, for the exclusive purposes of Mercantile Education.—[*Cincinnati Daily Enquirer.*

TO THE PUBLIC.

WE, the Undersigned, Graduates of BACON'S MERCANTILE COLLEGE, take pleasure in testifying to the superior qualifications of its Principal, Mr. J. H DOTY, as a teacher of Commercial Science. Having realized the benefits of a Mercantile Education dispensed at his hands, we are unreserved in expressing our entire confidence in his competency for imparting the most thorough knowledge of the various branches taught. He having sedulously profited by a ten years' experience as an Educator in the various branches of Theoretical and Practical Science, we deem him eminently fit for the position he at present occupies. Though our meed of praise may seem to be unnecessary for one so favorably known as Mr DOTY, yet, as an evidence of our appreciation for his gentlemanly deportment, and as a mark of respect for, and confidence in, his abilities, we tender him this testimonial.

We would most cheerfully recommend young men to this College, who wish to prepare themselves more fully for the numerous and varied responsibilities connected with mercantile pursuits, as we know of no other offering the same inducements and facilities for acquiring a *thorough* knowledge of the duties appertaining to the Counting Room and Business affairs generally.

"Science waits upon Labor."

"Acquire a good Commercial Education, and you will as surely succeed in life as that cause produces effect."
Abbott Lawrence.

"Let us then be up and doing,
With a heart for any fate,
Still achieving, still pursuing,
Learn to labor and to wait."

North-west Corner Sixth and Walnut Streets, Cincinnati.

J. H. DOTY, Principal.

THE College Rooms are large and commodious, well ventilated and elegantly furnished, making them the most desirable school rooms for Mercantile instruction in the United States. The course of study is comprehensive, thorough, practical and complete.

The attention of the public is respectfully invited to the fact that the Principal of the above College has recently introduced a beautiful and reliable mode of Computing Interest, which is now freely conceded to be the *simplest* and *briefest* ever yet devised, producing always a correct result with almost electric rapidity, and at any *other* per cent as easy, quick and *direct* as at *six* per cent. Many other Business Calculations are alike shorn of very much of the usual circumlocution and tedious unmeaning prolixity

The students are also made familiar with

J. H. DOTY'S REVISED EDITION OF

KEEPING BOOKS BY DOUBLE ENTRY,

Recently Introduced.

Which saves half the usual time and labor, is adapted to any kind of business, and is accurate and readily comprehended.

This, with other improvements and additions to the Regular Course, together with Daily Lectures on the Science of Accounts, Mercantile Calculations, Customs of Merchants, Principles of Book-keeping and Penmanship, Commercial Law, Political Economy, Art of Detecting Counterfeit Money, Phonography, etc., make the Course of Study more pratical and complete than ever, all being so arranged, as to enable the student to get the largest amount of information in the shortest possible time. The mode of teaching is peculiar to this Institution, and confessedly merits, what it fully receives, the suitable signet of superiority. Proficiency is our motto.

Students mastering the Full Course are competent to keep the books of any business by Double Entry, and earn a salary of from $500 to $1,500 per annum.

DAILY SESSIONS THROUGHOUT THE YEAR.

EVENING SESSION FOR FIVE MONTHS OF THE YEAR.

☞ The Principal takes pleasure to announce that he has again completed arrangements with I. J. ALLEN, ESQ., *Superintendent of Public Schools*, for a series of Lectures on Mercantile Topics, to be delivered before the young men of the College at regular intervals throughout the year 1861.
